MEMORANDUM FOR THE RECORD

SUBJECT: Conversation with the Secretary of State,
28 November 1978

15. I discussed the briefing for the President this morning on Southeast Asia. He had already had a phone call from the President asking whether we should make some public statement regarding Vietnamese military actions against Cambodia (this is something that had come up in the briefing this morning). He was opposed to it. I said I concurred because it would be taking sides in a Soviet/Chinese issue and we didn't need to do that.
